

Milan Furniture Fair 2016 - previews

April 11, 2016

It's that time of year again and to wet your appetite before we have finished doing the rounds of the stands at Salone del Mobile in Rho and the all the 'fuorisalone' in the city centre areas of Brera, Tortona, Lambrate & 5vie (and a few others), Design daily has compiled a few tasty previews. It's just the tip of the iceberg - there is a huge amount more to come in the next few weeks - so take it slowly and enjoy.

Behind Surfaces is a study undertaken by [Federico Delrosso Architects](#) into what lies behind a surface to the material and architecture itself. The research culminated in a new rug for [cc-tapis](#). The Milan based rug brand is also launching nine rugs and five wall hangings by [Studiopepe](#).
